A 5-year-old Yorba Linda girl was pursuer, fled at The meeting was proposed at last week's Chamber board meeting after Executive Manager Bill OpDyke professed puzzlement over the city's subsidization of the Chamber, whose goal is to build a better business climate, and the enactment of legislation by the council and commission which

Her attacker was arrested that night at his Glendora home, again as a result of the neighbors' action.

Brea police said that the child entered a car driven by her abductor about 5:45 p.m. near the intersection of Rose Drive and Valencia. According to the child, the man then drove her to an orange grove where he sexually abused her

About an hour later, police continued, a neighbor of the girl, driving in Brea, noticed the child riding in her kidnapper's car. Suspicious, he began to follow.

pursuer, fled at a high speed, police said, with the neighbor right behind.

Fearing that the kidnap car might go out of control, however, and that the girl might be hurt in an ensuing accident, the neighbor fell back and subsequently lost sight of the car. He then enlisted the help of another neighbor, and together they began looking for the car. Meanwhile, the kidnapper, think-

ing he had escaped, stopped near Rose Drive and Vesuvius and let the

little girl out.
Shortly afterward, the two neighbors, each in his own car, again spotted the kidnap car and again gave chase. Although the suspect managed once more to escape, the neighbors were reportedly able to get his license number.

Having traced the license number through state records, Brea detectives in company of Glendora police shortly before midnight arrested Richard John Merboth, 31, 16 (18) of 438 Sellers, Apartment B,

Merboth was booked on charges of suspicion of kidnap and child molest and taken to Orange County

Jail, where he was due to be arraigned Monday, police said. According to police, about half an hour before the Yorba Linda girl was abducted, a 5-year-old Placentia girl told of being approached by a man in a car similar to that involved in the later incident. Although the man allegedly asked the girl to "come here", she fled.

<u>Letters To The Editor</u>

The Editor

The subject of Vincent Bautista's dismissal as Associate City Planner for the city of Yorba Linda is a matter which should be of primary concern to every resident in Yorba Linda.

Acting on the advisement of the Orange County Employee's Association, Mr. Bautista has filed an appeal contesting the grounds for his dismissal. However, when he goes before the Board of Appeal (the City Council), will he receive a fair amd impartial decision?

Some members of the Board of Appeal may be the same persons responsible for firing him! How can they judge Mr. Bautista's case objectively when they will be defending their own actions at the same time?

What did Mr. Bautista do to warrant such sudden and drastic action by the City Administration? Was he fired because he didn't do a good job as Associate City Planner? Or was he fired because he carried out his duties too well? In other words, was he "Rocking the boat"?

I have known Mr. Bautista a short in my mind that he is one of the most dedicated, loyal, hard-working and honest men I have ever met. He is genuinely concerned about the future of Yorba Linda.

There are many who share my admiration for Vince Bautista and believe as I do, that he has done nothing to deserve disciplinary action-let alone dismissal dismissal, he deserves the right to a

fair hearing.

That can be accomplished in only one way--the citizens of Yorba Linds have to care enough to get involved, ask questions and demand some

Don't depend on rumors and hearsay; it is not that difficult to get the facts. Visit the Library Reference Room or City Hall and read up on the

City Code, Ordinances, Resolutions etc. Perhaps you will be surprised, as I was, to learn that they are not

that difficult to understand.

Don't let the old saying "You can't fight City Hall" stop you...it was probably started by someone in Hall!

I sincerely believe that losing Vince Bautista is a loss our City cannot afford to suffer. I am extremely critical of the action taken against him by the City Administra-tion, however Sir Winston Churchill once described criticism by saying:

"IT MAY NOT BE AGREEABLE BUT IT IS NECESSARY. IT FULFILLS THE SAME FUNCTION AS PAIN IN THE BODY: IT CALLS ATTENTION TO AN UNHEALTHY
